MOSUL OIL GRANT

RICH REGION TO BE DEVELOPED
BY AMERICAN CAPITAL

CHESTER MINING CONCESSION

Chester Mining Concession Includes
the Construction of 1200 Miles of
Railroads in Mesopotamia

Washington.—The Turkish Nationalist assembly has ratified the so-called Chester railway and mining concessions.

Negotiations for the "Chester concession" in Turkey, which includes the development of the Mosul oil region and the construction of 1200 miles of railroad in the Mesopotamian fields were first instituted by President Roosevelt. It takes its name from Rear-Admiral Colby M. Chester, now retired, who was sent to Turkey in 1908 to obtain for United States interests certain valuable priority rights in the oil producing district.

The Turkish government some time ago approved the grant, but action by the Nationalist government at Ankara has been awaited.

American capital operating through a syndicate of American business men, would be used under the agreement to extend the Bagdad railway to the borders of Persia, while rail connections would be afforded to the chief cities of Turkey.

The Mosul oil field has been a bone of contention between Great Britain and the United States for some time, and at the Lausanne conference the British delegation was especially insistent that its claim to the territory be recognized.

Admiral Chester's associates are General George W. Goethals, builder of the Panama canal; Kermit Roosevelt and other influential men.

Big Railroad Project

Sheridan, Wyo.—A gold spade was used in turning the first dirt on America's largest railroad project in a decade, when Harvey E. Fryberger of Sheridan broke ground for the construction of the Wyoming North and South Railroad, a \$12,000,000 project. The road will connect Miles City, Mont., with Casper, Wyo., and running through Sheridan, Buffalo and Bucknam, Wyo., will tap a rich section of oil and coal lands. It will be 330 miles in length.

Debt Plans Come to Head

Washington.—Belief is expressed in official circles that debt funds settlements with three foreign governments would be ready for submission to congress when it reconvenes in December, and at the treasury it was stated that the British settlement, already accepted and ratified, would become operative within a week or ten days unless unforeseen hitches occur. The state department learns that a delegation representing the Czechoslovakian government would sail for America soon, prepared to negotiate a funding of that government's debt of \$106,292,000.

Traffic Cop Goes Mad

Moline, Ill.—Suddenly becoming demented, Bert Mausch, a crossing policeman, jabbed a gun into the ribs of passing motorists and told them to stop. He then threatened to fire into the crowd. Four policemen overpowered him and he was removed to the insane hospital.

DRUG LINKS OF SIX NATIONS

A Syndicate of Smugglers Disclosed
Who Cater to Enormous Trade
On Seven Seas

London.—An obscure Chinese, arrested in a miserable cabin of a Chinese junk, is responsible for revealing the world-wide ramifications of the "international dope ring," and the enormous traffic in drugs of all descriptions between England, France and Germany, with the United States, Japan and China.

The facts so far uncovered are: That British manufacturers are exporting tons of dope yearly. That these are exported to the continent, bought there and smuggled into either Japan, China or the United States. That the ring has headquarters in various leading seaports of Europe. That many prominent London merchants are leagued in this infamous traffic with agents on the continent, in the United States, China and Japan. Several merchants have fled the country, including one known as the "Chinese millionaire," who lived luxuriously in a hotel with three suites at his disposal, attended by three Chinese servants always armed.

May Copy California Law

Chicago.—Michael Durso, state representative, has presented to the General assembly amendments to Illinois' marriage and divorce laws that would substitute interlocutory decrees for immediate absolute divorce, legitimize children born of illegal unions and require ten days' notice to county clerks before issuance of marriage certificates. The proposals were modeled in part after California statutes.

Drop In Raisin Market

Chicago.—Whisky runners, by their importation of large quantities of foreign liquors, are breaking the domestic raisin market and California raisin growers face the prospect of losing a large share of the market built up since prohibition. The great rush to buy raisins and "make your own" now has changed to as great a rush to buy smuggled goods.

Priest Gives Self Up

Denver.—A nation-wide search for Father Walter A. Grace, until recently pastor of the Shrine of St. Anne, a Denver suburb, was ended when he walked into the office of the U. S. district attorney and said: "I am Father Grace. I believe you wish to see me." The cleric had been sought in all parts of the country on a charge of forgery of liquor permits.

National Dairymen's Agency

Chicago.—Unification of the dairy industry into one central sales agency to standardize dairy products, create national brands and to increase consumption, was voted at a meeting of dairymen said to represent 125,000 from six middle-western states, or 75 per cent of the dairy production of the country.

Urges Arctic Plane Base

Ottawa.—Use of Wrangle Island in the Arctic Ocean as a base for a possible air route between Europe and the Orient is being urged upon the cabinet by Vilhjarn Stefansson, the Arctic explorer.

Women's League Meets

Des Moines.—Women from every state were here for the opening session of the fourth annual convention of the National League of Women Voters.

Charles F. Partensky, Oakland, brakeman on Southern Pacific train 109, Fresno to Oakland, dropped dead at Richmond as the train was leaving the station. Death was due to hardening of the arteries.

Another reclamation district was added in Contra Costa county when the board of supervisors approved the formation of a district near Brentwood by property owners. The new district will embrace 1363 acres. Clarence B. Hickey, navy yeoman, is formally charged with the murder of Rabbi Alfred G. Lafee, beaten to death in a room in a San Francisco hotel, as the result of a complaint sworn to by Manuel Lafee, father of the dead man.

William Lynch, 17 years of age, was acquitted by a jury of six men and six women at San Francisco, on a charge of murder growing out of the shooting of Thomas McCormick, 16, October 20. Lynch had pleaded self-defense.

Preparations are being made to open up the old Sliger mine, which is located about 18 miles north of Placerville on the Middle Fork of the American river near Spanish Dry diggings, El Dorado county.

Over a thousand delegates from women's clubs of California, from Monterey county to the Oregon line, attended the twenty-first annual convention at San Jose of the San Francisco district of the California Federation of Women's Clubs.

The British overseas settlement delegation which recently left London for Australia, is visiting California to confer with Dr. Elwood Mead, professor of rural institutions at the University of California, and to visit the state colonization enterprise at Durham.

Martin Gamoll, formerly a naval mail clerk at Pearl Harbor, T. H., who was a stowaway from the steamer City of Honolulu when it burned at sea, was arrested at Los Angeles by federal officers, who said he would be returned to Hawaii to answer an indictment charging shortage in his accounts.

An intensive campaign of education to the needs of a better high school in Alameda was launched by a group of four-minute speakers from the English class of the high school. These student speakers will appear at public gatherings during the next three weeks and urge that the proposition of issuing \$750,000 for a new high school be endorsed by the voters.

SISTER ARTISTS IN BENEFIT CONCERT

Many small communities have been the birthplace of artists, but it is not often their privilege to keep them when they have advanced beyond the earliest stages of their progress. In this respect Campbell is to be congratulated on having the Misses Kalas, who appeared in a benefit recital Saturday night.

The beauty of our new auditorium with its rich stage hangings, was enhanced by the gracefully arranged baskets of trailing rose sprays and added to the charm of a delightful concert.

These young ladies are blessed with a wonderful musical heritage. Their father, Prof. Jan Kalas, teacher of the cello in the College of Pacific and the Institute of Music in San Jose, is one of the real artists on that instrument, and has been a member of such famous musical organizations as the Chicago Symphony Orchestra. Mrs. Kalas was equally gifted as a vocalist, having been for many years in Chicago a soloist in large churches and choral societies. The need for change of climate brought them and their relatives, Mr. and Mrs. Josef Halamecek, to our valley.

Here the young ladies attended our local schools, and continued their musical studies at the College of Pacific Conservatory which has a national reputation for faculty and graduates. Miss Bozena Kalas studied for more than a year in New York under Frank La Forge, the great teacher of piano.

Miss Helen is a pupil of Mrs. Esther Houck Allen, now of Palo Alto, and has developed a remarkably sweet voice, delightfully clear and true.

Not alone their musical talents delight their audience but their attractive personalities and sweet simplicity of manner win them praise.

Only one skilled in musical lore and trained to technical criticism could presume to analyze the numbers presented, but the humble music lover could express the enjoyment of audience as evidenced by the rapt silence which prevailed during the program and the really expressive applause which followed each group of numbers.

The program was as follows.

I
Two Slovanic Dances.....Dvorack
Op. 46 No. 1.
Op. 46 No. 6.

Bozena Kalas
II
Voi che Supete (Tel Me Fair Ladies).....Mozart
Sylvain.....Sinding
The Lass With the Delicate Air.....Arne

Helen Kalas
III
Adante Spianto.....Chopin
Waltz in A Flat Major, Op. 42.....Chopin

Bozena Kalas
IV
Five Bird Songs.....Liza Lehmann
The Woodpigeon.
The Starling.
The Yellowhammer.
The Wren.
The Owl.

Helen Kalas
V
In a Boat.....Grieg
Songs My Mother Taught Me.....Dvorack
It Isn't the Thing You Do, Dear.....Walls

Helen Kalas
VI
Liebestraume.....Liszt
Polonaise Op. 46, No. 12.....MacDowell

Bozena Kalas
VII
Haymaking.....Needham
Helen Kalas

An impromptu reception was tendered the young ladies at its conclusion and everyone expressed pleasure and appreciation of their music and generous donations of their services.

The entire proceeds of the entertainment, aside from the few necessary expenses will be added to the Library Fund.

ENTIRE FAMILY IS WIPED OUT

THE VICTIMS

Mrs. Pietro Cetani, aged 30.
Pietro Cetani, aged 32.
Joe Cetani, aged 14.
Tony Cetani, aged 8.
Pietro Cetani, Jr., aged 6.
Carmen Cetani, aged 1.

As the result of an automobile being struck by a Peninsular Electric inter-urban car, Sunday night, at 7:40 o'clock, near National avenue, three miles from this city, an entire family was killed—father, mother, and four

sons. The mother and three sons were killed instantly; one son expired a few minutes after being taken to the county hospital and the father died Monday forenoon.

The father was driving the machine, a Ford car, west from the Charles Oakley ranch, and apparently, on account of the obstructed view of the car track, did not see the oncoming inter-urban, or his car may have been "stalled" on the tracks. There is a house and some trees hiding the view of the tracks and the road goes on a considerable incline in reaching the track.

The car struck the automobile in the center. Mr. and Mrs. Cetani were hurled out of the machine and landed on the other side of the highway. The three oldest children fell out of the car along the track and the arm of one of them was cut off by the car's wheels. The baby was found in the wreckage of the automobile. The automobile was carried by the inter-urban car for a distance of about three hundred yards before being stopped.

E. E. Barnard, who was near the scene of the accident, rushed to Los Gatos for assistance. Deputy Sheriff Jack Sullivan, on arriving, took charge of the situation, assisted by Walter Graeb. There were hundreds of persons crowding around and it was therefore a difficult task to ascertain, in the beginning, how many people had been killed, and also clearing the traffic.

Doctors E. M. Miller and R. P. Goher, who had been notified, arrived quickly and found that the mother and baby were dead. They gave first aid to the father and Pietro, Jr., and they were at once sent to the county hospital. Shortly after that the lifeless bodies of Joe and Tony were discovered.

On the arrival of Coroner Amos O. Williams and Deputy Coroner Bert Hoeking, they had the remains of the dead taken to the San Jose morgue.

Officer Sullivan states that the family had spent Sunday afternoon at the home of Mrs. Cetani's parents, Mr. and Mrs. Edward Parsaralla, residing on Loenst street in San Jose, and were on their way to their home on National avenue, which they had purchased a few weeks ago. Mr. Cetani stopped at the Oakley ranch to inquire whether he could get some help to thin his apricots the following day. Mr. Sullivan says that there is no truth in the report that Mr. Cetani was under the influence of liquor or that one of the children was driving the car at the time of the accident. He made particular inquiries on this point in interviewing Mr. Oakley.

Coroner's Inquest.

Four people, Roy A. Davis, C. W. Davis, L. A. Gard and E. M. Ray, eye witnesses to the accident testified Tuesday at the inquest conducted by Coroner Amos O. Williams.

The testimony was practically the same in each case and was to the effect that the motorman gave the usual signal for a stop at National avenue and that they could see the headlights of the approaching street car and also of the automobile, and that the auto approached the tracks and slowed down as if to stop but suddenly started forward directly before the heavy inter-urban car.

Motorman George N. Thompson and Conductor Frank Spinelli also testified and their testimony was practically the same as that of the others. The first four witnesses gave a most vivid word picture of the crash as they viewed it from a short distance away.

Because of the death of Pietro Cetani occurring the day following the accident it was necessary, according to law, to hold two inquests but the same jury officiated in both cases. Their verdict was "death from injuries received when the auto in which the deceased persons were riding was struck by a street car of the Peninsular Railway Co., and we exonerate the motorman and conductor and the railway company from blame."

Funeral Services.

The funeral of the members of the Cetani family was held yesterday forenoon at 9 o'clock from the Sacred Heart church in San Jose. E. H. Melvin of the Melvin Funeral Parlor of this city took the remains to the Santa Clara cemetery for interment.

—Los Gatos Mail-News

ROYAL LADIES CLUB SUBJECT

Mrs. Ellen R. Smith and Mrs. Marshall Ross were the very capable leaders in charge of the last meeting of the Country Woman's Club. The subject of the first part of the program was Women Rulers of Modern History, of whom there have been a number. Mrs. Smith had prepared an excellent paper treating of these royal women, taking them chronologically, rather than by countries.

It was of interest to note how few of these rulers, whether wise and capable politically or weak and vacillating, were of moral integrity. Her paper began with Queen Christine of Sweden, born in 1626, and included Queen Anne the Good of England in whose reign England and Scotland were united under the name of Great Britain; Catherine, Empress of Russia; Elizabeth, daughter of Peter the Great; Maria Theresa, Queen of Hungary and Archduchess of Austria; Catherine II of Russia; Isabella II, Queen of Spain; Queen Emma and Queen Wilhelmina of Netherlands; and Lilioukalani, Queen of Hawaii, who was deposed in 1893.

Mrs. Smith did not touch upon the life of Queen Victoria as Mrs. Ross had a review of Lytton Stacey's "Life of Queen Victoria," a book of great interest, extremely readable and meeting with popular favor.

Mrs. Ross had chosen her selections to depict the personal and domestic side of that great woman's life. Here was one royal household that was almost an opposite of all the previous ones described—a virtuous loving wife, maintaining a court of a strict moral character.

In the absence of the president and vice president, Mrs. L. F. Shaw was in the chair. Matters relative to the moving of the old building and work on it and the lot were discussed. The meeting of April 30 will be a musical at the home of Mrs. J. C. Ainsley.

MOVED TO SANTA CRUZ

Mrs. H. L. Cairns and daughter Jeanette, and sons, Leslie and Melvin, who have lived for several years on Los Gatos Road, purchased a large ranch in the mountains this side of Santa Cruz and Saturday moved to their new home. The boys are graduates of C. U. H. S. and the family have many friends in Campbell who wish them well in their new venture.

J. A. Powell has purchased the Cairns ranch on Los Gatos Road and is now located in his new home. Mr. Powell and family are welcomed to our community which we hope will be to their liking.

The Campbell Library Association will hold its annual meeting Tuesday evening, May 1, at 7:30 o'clock, at the residence of Mrs. Ellen R. Smith, No. Second St.

TOO MUCH ILLITERACY

It is greatly to be regretted that a large number were not out Thursday evening to hear the very enlightening lecture on Education given by Dr. Tully C. Knoles.

A man who holds the position and commands the attention and consideration of the thinking people from coast to coast should have been greeted with an auditorium filled to capacity. Certainly the topic was one of vital interest.

The facts presented were such as should arouse the attention and interest of all citizens. The deplorable illiteracy of our people and the inferior education of such a large majority of our voting population is appalling.

He compared and contrasted the educational systems of England, and Germany, showing how the form of government is affected, as well as the type of citizenry. The trend of American government from republican toward democracy was explained with the need of a more intelligent voting citizenry since our laws can all be made by them thru the use of the initiative and referendum, and our officers are subject to their will by means of the recall.

After the singing of a pretty duet by Hazel Hurst and Esther Miller, accompanied by Elsie Merrill, the audience tendered the speaker a rising vote of thanks.

TO WINTER HERE

Mrs. Lavinia Gratton, of Grinnell, Iowa, daughter of A. G. Williams, has purchased the Williams homestead on Harrison Avenue of Mrs. Margaret Williams and will make this her winter home. Mrs. Williams has bought an apartment house in Los Angeles where her relatives are and will return to that city to live.

There's a lot of pleasure in food properly sold, properly cooked and properly served.

—Graham's Oblige-o-grams.

WE will sell you the poultry and other meats that will help to make your dinners successful. You'll like our fair prices and our polite methods.

T. E. TUCKER, Prop.

W. C. T. U.

The Woman's Christian Temperance Union met with Mrs. Whitman on Wednesday afternoon with the president, Mrs. Wilson, in the chair. After the usual devotionals and roll call, the minutes showed favorable response from congressmen and legislators to requests sent to them by W. C. T. U. members. Mrs. Newcomb reported a very appreciative letter from the state superintendent of work among soldiers regarding the box of fruit, jams, jellies and cookies sent to San Francisco at Easter time. It was decided to send another box to the soldier's hospital at Palo Alto just previous to Mother's Day, about May 10th.

The president reported several items of interest from the meeting of the County Executive Board. Among the plans for County W. C. T. U. convention at Palo Alto, members are requested to give short, timely quotations from the state minutes or from the Union Signal, giving the source.

The matter of observance of Mother's Day by a special speaker and program was discussed and it was decided to request the attendance of the County Superintendent of Child Welfare, Mrs. Cora Baker, of Mayfield, to give an address and, if convenient, to hold the meeting with Mrs. Farr, superintendent of Mother's Meetings, about May 9th.

Delegates to the County Convention at Palo Alto, May 2, 3, 4, were elected, Mrs. Wilson, Mrs. Whitman, Mrs. Farley; alternates, Mrs. M. F. Parkhill, Mrs. Merriman, Miss Caldwell, Mrs. Baldwin. A request was made for favorite recipes for the cook book being compiled and published by the Home and School Club.

A County W. C. T. U. picnic is being planned by presidents of the Unions.

The following salute to the Christian's Flag is to be given at the County Convention: "I pledge allegiance to my flag and to the Savior for whose kingdom it stands; one brotherhood uniting all mankind in service and love."

The next meeting of Campbell Union will be with Miss Caldwell, April 25th. Visitors are always welcome and new members desired in this work "for God and Home and Every Land."

ORGAN RECITAL

A vocal and organ recital will be held in the First Methodist church in San Jose on the evening of Monday, April 23, when The American Guild of Organists presents LeRoy V. Brant, organist, together with Mrs. LeRoy V. Brant, mezzo-soprano.

The public is cordially invited to attend this musical event. No admission is charged, but an offering will be received, which goes for the benefit of the Guild.

How Banking at Home Helps

Samuel Thoughtful has just closed his account with an out-of-town bank and opened an account with us, and his reason for doing so you will find interesting.

For a long time Sam considered that he had a good excuse for banking away from home. In the first place, he started with the other bank before he came here; and then his business often took him to the other city anyhow—still, he didn't feel just right about it.

He began thinking, off and on, and his line of reasoning took shape like this:

"Suppose that everybody went outside for bank service—suppose that everybody had to do it because there wasn't any home bank. That would certainly be unhandy for most home folks. It would take a lot of time. It would cost the community a lot of money.

"Suppose that some of these home people got together and asked for a home bank; and suppose that some others didn't take much interest at first because, as with me, it was convenient for them to bank outside. Well, there'd be a glorious chance for the party of the second part to get in and boost the home bank idea for the good of the community as a whole. It would be a noble cause. Once the bank was started they would keep on boosting it for the same reason—community cooperation."

Samuel Thoughtful now banks at home, and it is agreed the country over that communities where such ideas of cooperation take hold strongest are the coming ones. They are the communities that win.

Make Spring Housecleaning Easier

Women often speak of the unpleasant labor of cleaning and washing. A merchant can be helpful by suggesting the use of articles that will make such work lighter.

Here is a new, simple, durable mop, in which the old spring idea is replaced by a strong, adjustable chain. Metal all galvanized. Scrubbing part is a bunch of fine strings that soak up an astonishing amount of water, making for rapid work. Mopping is hard work at best, and you deserve a good mop, like this. New Household Mop, complete, 75c.

And about brooms. Low price isn't economy. A man demands good tools for work, and so should a woman. It's no exaggeration to say that a good broom, as compared to a poor one, saves 25 cents' worth of labor every time it is used in a general sweeping; and if you sweep all around once a week here's a saving of \$1 a month. So a good broom pays for itself, and more. Light broom, fine straw, \$1.15.

Next let's talk of that familiar cleaner, ammonia. There is common, cheap ammonia—and then there is Parson's Household Ammonia, triple strength, the "cloudy" sort that can't hurt the hands. Demand the best. Parson's Ammonia is adapted to a multitude of cleaning purposes—a tablespoonful is wonderfully invigorating in the water of a bath—in every way it's most satisfactory, The bottle, 30c.

Campbell water is hard and a water softener is needed to make your washing and cleaning less of a task. Hydro Pura is good; and yet many women find Rain Water Crystals better, because it is easier on the hands. We have both; but we want you to have the best, and so we pass along the news. Rain Water Crystals, 30c.

On cleaning day, a cup of Blaine's Steel-Cut Coffee is cheering and bracing.

Town Tales Tersely Told

Mrs. Helen Dodge is visiting her son and family at Luarel.

S. G. Rodeck is again able to be out and downtown, as well as driving his machine.

Mr. and Mrs. J. E. Wiesen-danger and family entertained the high school faculty at their annual house party Saturday evening.

Mr. and Mrs. E. R. Kennedy are confined to their home with severe cases of grip. Their many friends hope for a speedy recovery.

Miss Mary Fablinøer chaparoned her Sunday School class of boys at a picnic at Congress Springs Saturday. No need to say they had a fine time.

William D. Robinson, who has made his home here for some time with the Ben Austin family, left Tuesday for his former home at Buffalo, N. Y.

Mrs. Francis Lyman, niece of Miss Sadie Maxon and Mrs. Mary Lanphear whose illness was noted last week, has not improved and is now at the County hospital.

The girls baseball team of the C. U. H. S. played a practice game at San Mateo Monday afternoon and with their "chauffeurs" were given a supper lunch by the San Mateo students.

The grounds of the Campbell Union Grammar School are being put in condition this week. Separate baseball grounds will be provided and ample space arranged for other games and sports.

Sol Jacobs has returned to Lane Hospital, San Francisco, where he went before for an operation on his throat, that was deferred for X-ray examination. He expects now to have it done.

Mrs. E. C. Merrill and daughter Esie left Wednesday for La Jolla where they will enjoy a month's rest and vacation. Mrs. C. E. Craig is housekeeper for Mr. Merrill and the boys during their absence.

Ethel Mae Van Arsdell was born April 13 in Hollister to Mr. and Mrs. Dwight Van Arsdell. The young lady is named for her grandmother, Mrs. Ethel Davis and great grandmother, Mrs. Mae Whitman.

J. F. "Scotty" Cooper and Sid W. Hopkins, of San Francisco, who started south last week on a vacation, were visiting Sol Jacobs in Campbell this week en route. We hope to have both back on the job at the California Cannery Co.

Miss Violet Ottoman of the high school faculty conducted one of her history classes on an instruction trip to San Francisco yesterday, visiting the mint, museum and other points of interest. Three auto loads of students made the trip.

Dr. Katherine F. Siekmann recently arrived from Hoisington, Kansas, and has taken up her residence on Farley road. Her announcement appears elsewhere in these columns.

MORE PRUNE MONEY

The cashier completed mailing out all checks covering the second payment on 1922 crop prunes Thursday of this week.

The first batch of checks, covering almost 4,000 separate prune accounts, was put in the mail Saturday, March 31st and approximately 1,000 additional checks have been sent out every day this week.

The second prune payment as authorized by the Board of Directors in their March meeting amounts to 2 cents a pound on 20-30's; 1½ cents a pound on 30-40's; 1 cent on 40-50's to 90-100's inclusive and ½ cent a pound on 100's and over.

The first batch of checks covering third payment of 1922 crop apricots was put into the mail Tuesday of this week and all checks covering apricot payments will be mailed out not later than the first of next week.

The second payment on prunes and the third payment on apricots means a total payment to the growers of almost \$1,500,000.

NEW CLUB OFFICERS

The Home and School Club held a special meeting Tuesday at which much important business was transacted.

First in interest, possibly, was the election of officers, the following named being chosen: Mrs. S. N. Hedegard, president; Mrs. G. E. Stallman, vice-president; Mrs. R. J. Roll, secretary; Mrs. T. F. Sourisseau, corresponding secretary; Mrs. G. T. Miller, treasurer.

The meeting of May will be coincident with the Carnival which is being planned by the faculty, with what assistance is called from the Club. There will be a series of booths and events, the proceeds to go into the Club's cafeteria fund for which \$500 was pledged.

Plans for the Cook Book are about completed and any who have promised recipes not yet turned in will please do so at once.

The June meeting will take the form of a Fathers' Night Supper, to be served in the cafeteria of the C. U. G. S., which will be conducted on the popular plan of each person providing sandwiches sufficient for himself and a dish for the table.

Mesdames Osborn, Baldwin, and Bollinger were appointed to have charge of the supper and the standing program committee to provide for entertainment.

HI Y NOTES

The report of the Easter Egg hunt was delayed in reaching our office and then it was minus the names of the winners altho the donors of the prizes were given: the Pollyanna, Leas, Leavenworth's, Whitman's, Farmers' Union, Beall's, Smith's, Blaines'. There were about fifty children who participated in the event and the greatest enthusiasm prevailed.

The annual Fathers and Sons banquet will be held in Campbell the night of Tuesday, May 1. All of the fathers of the community are eligible and any man who adopts a son for the occasion and buys both supper tickets. The supper will be served in the Congregational church.

The Campbell Hi Y boys have a basket ball team which recently played a game of three quarters with the San Jose Y 130's, resulting in a tie, and another with Mayfield which they won 7-6.

TAXES WERE HIGH

Thomas Henley, of Carthage, Ill., is the guest of his old friends F. M. Righter.

Mr. Henley was commenting on the change in valuation of property where he lives. A farm of 256 acres in 1827 was taxed \$1.12½, and the parchment patent for the taxes was signed by John Quincy Adams. In 1922, the second generation since that payment, the taxes were \$496.45.

At the time of the first payment the land would probably not have brought upon the market much more per acre than the tax upon it all, while now it lies close to the large city of Carthage and is valued at several thousands per acre.

GUEST DAY

The members of the Congregational Guild entertained the ladies of the congregation at a social tea last Thursday afternoon. The parlors of the church had been made very attractive and homelike and a pleasant time was enjoyed.

During the afternoon Miss Myrtle Arnott furnished piano numbers and Dr. W. I. Merrill sang.

Sugar Not Affected

Washington.—President Harding has received informal assurance from the tariff commission that the new tariff law has had no effect on the price of sugar.

Canada to Sell 64 Ships

Ottawa.—Twenty-seven of the sixty-four vessels comprising the fleet of the Canadian government merchant marine are to be offered for sale.

Anticipated Profits Unrecoverable
Washington.—Anticipated profits, lost through the cancellation of war contracts cannot be recovered from the federal government, the supreme court has held in three cases.

POULTRY EXHIBIT
A department of the Peninsular
Pageant of Progress and Fair to
be held at San Carlos, May 26 to
June 3, which will receive particu-
lar attention is the poultry ex-
hibit under the personal direction
of Judge R. V. Moore of San
Leandro, noted expert. Exhibitors
to the number of 613 have applied
for coops and this figure is likely
to be considerably augmented
during the next few days. As in
the livestock exhibit, the poultry
section also will have an exhibit
of all the up-to-date accessories
that go to aid in the raising of
poultry.

Aside from the display of prize
specimens, both Paine and
Moore are concentrating on the
educational values of their ex-
hibits so that both the amateur
and professional raisers of poultry
and breeders of animals will find
plenty to interest and instruct
them. There will be all manner
of demonstrations so that the
various devices will be seen in
actual operation.
The San Francisco Society for
the Prevention of Cruelty to An-
imals will instal a special exhibit
that will show ways and means
employed in looking after thou-
sands of animals of all sorts
every month. One of the fea-
tures will be cases filled with all
sorts of implements of torture
confiscated by officers of the or-
ganization.

Chippewas to Get Park
Washington.—Under an award ap-
proved by President Harding, the
Chippewa Indians will receive \$1,490,-
195 for the tract set aside for the
Chippewa national forest in Minne-
sota. The tract, created by an act of
congress in 1908, includes about
312,000 acres.

Savant Poisoned at Banquet
Tacoma.—Dr. Henry Suzzallo, pres-
ident of the University of Washington
collapsed with ptomaine poisoning at
a banquet of clothing dealers in the
Scottish Rite cathedral.

Run on Bank
Chicago.—Officials of the West Side
National bank called for police pro-
tection when a crowd of depositors
gathered and threatened a run on
the institution. The institution has
deposits of nearly \$2,000,000.

Ancient Newspaper Late
London.—For the first time in its
258 years of existence the London
Gazette, the government's official
paper, was prevented from making
one of its two weekly appearances.
The interruption was caused by
trouble among the trade union men
in the office where the journal is
printed.

Ford May Buy Road
Detroit.—Reports are current here
that the Ford Motor company is ne-
gotiating to purchase the Virginian
railroad.

Northern Pacific to Spend \$5,000,000
Portland.—Improvements costing
\$5,000,000 have been authorized for
1923 on Northern Pacific railway
lines.

Plans Flight Over Pole
Copenhagen.—Roald Amundsen,
who hopes to fly over the North Pole
by airplane, has left Nome for Wain-
wright, where he will "hop off" at
the earliest opportunity.

A memorial concrete bridge, span-
ning Strawberry creek, on the Uni-
versity of California campus, and
forming the southeast entrance of
Stephens Union, will be the gift of
this year's graduating class to the
university. It will cost \$5,000.
The Pacific Gas and Electric com-
pany has been given permission by
the railroad commission to acquire
the outstanding stock of the Califor-
nia Telephone and Light company,
including its operating and electrical
distributing telephone system in
Lake, Mendocino and Sonoma coun-
ties.

Announcement

Upon request, I will give
adjustments at my residence
on Farley Road, about one
mile north of the city limits
of Los Gatos and one block
west of San Jose avenue.

Have had five years' col-
lege training in the science
of Chiropractic. Am licensed
in two states, Colorado and
Kansas. Have had ten
years' experience as a prac-
titioner, eight years being in
one city, without loss of a
patient. References given.

I use no X-Rays, vibrators
nor electricity, as a thor-
ough Chiropractor needs no
adjuncts.

To introduce my method
of examination and diagno-
sis, will give these free dur-
ing the month of April.
Rates for these after May 1,
1923, will be \$2.50.

Office hours, 1 p. m. to 5
p. m. Other hours by ap-
pointment. Phone 378R3.

DO YOU WANT a new HOME
on the countryside of Campbell,
where you will have elbow room,
and plenty of good fruit trees to
help out on income?

We are building a first class
bungalow of 5 rooms on an 80-foot
lot on Rincon Avenue, near the
Los Gatos Road, and close to
schools, that we are pricing both
reasonable and on easy terms.

Also will build to suit on some
half acre lots, good frontage and
plenty of rear room for poultry
and having good paying orchard.
Location ideal and close in.

See us for terms and prices if
you want something good that is
not over valued, Mission Hatch-
ery, Geo. M. Ellison, Campbell.

WANTED—Plain sewing. Chil-
dren's dresses a specialty. Also
have a garage for rent. Mrs.
Mathis, Rincon Ave Campbell,
Calif. 43-1f

more gasoline mileage with Zerolene

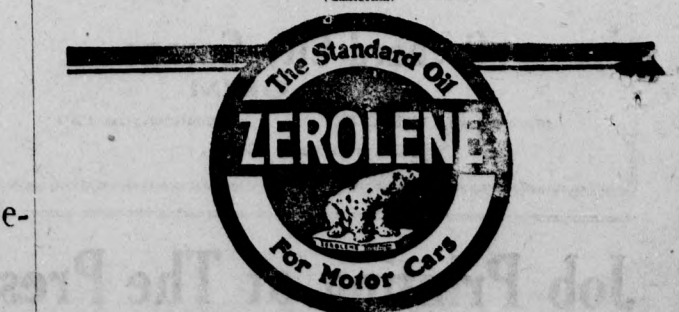

Few motorists would willingly pay fancy prices for oil
if they knew what we know about Zerolene, which
sells for about half the price of many other oils.

Zerolene, made from selected Naphthenic-Base Crude
and vacuum-distilled by our exclusive process, stands up
better and gives better, continuous lubrication than any oil
we have seen and tested or been able to produce.

One of the best proofs of this is, that a car lubricated
with Zerolene averages 5% better in gasoline mileage
than a car lubricated with other oils, as shown by repeated
laboratory tests. Even more important, Zerolene will
run a car from 25% to 50% farther before carbon-
removing operations are required.

Insist on Zerolene—even if it does cost less. Consult our
Correct Lubrication Chart to determine the correct oil for
your car.

this bears a

Message of Health

My combined methods
of CHIROPRACTIC,
AND NATURO AND
ELECTRO-THERA-
PEUTICS give the
Quickest and Most Re-
markable Results.

My Chiropractic Adjustments relieve the pressure on the Nerves—which is
the Cause of the trouble.

My Naturo and Electric-Therapeutics hasten your recovery by aiding and
hastening nature in the rebuilding of destroyed and diseased tissues.
SO RESULTS ARE QUICK AND SURE

My methods have permanently cured the oldest and worst cases of Stomach and Intestinal
Troubles in a very short time. Cases of constipation and obstipation of years standing relieved in
a very few treatments, in fact with my present methods I GET RESULTS in all cases in from
THIRTY TO FORTY TREATMENTS which would take me from SIXTY to ONE HUNDRED
TREATMENTS were I using STRAIGHT CHIROPRACTIC ALONE, and—

RESULTS SPEAK LOUDER THAN WORDS

In my years of practice in the city of San Francisco, I have successfully treated: Rheumatism
and all other troubles of the Liver and Kidneys, Heart Disease, Diabetes, Tuberculosis, Blood Pres-
sure, Female Disorders, Sciatica, Lumbago, Asthma, Tonsillitis, all Throat Disorders, Paralysis,
Headaches, Insomnia, Deafness, Eye Troubles (even blindness), Skin Diseases, Epileptic Fits, etc.,

If a patient enters my office in pain, I will do all I can to relieve the pain
before they leave. No one is rushed through a treatment in my office.
